

Storybook Gifting Programme

Give children in your setting gifts each year. Do this on a 4 year rolling programme so children never get the same book twice. Start at YEAR 1 (regardless of how many years the children have been with you) and give every child in your setting the books from that year, then move up through the years. Once you have completed YEAR 4, return to YEAR 1. If a child joins your setting, give them the books from the year you are following.
